Fire Loss – December 2008

Dear Josh,

I wanted to write and thank you, Dow Brooks, and everyone else who assisted with the adjustment of the Hidden Glen Apartments fire claim.

Without the experience and expertise of the Staff at The Greenspan Co. / Adjusters International I know we would not have gotten the settlement we did.

We have used your services several times now and made it part of our disaster recovery program for all of our properties. We have always gotten tremendous results with you. We look forward to a long and prosperous relationship.

As always you do a great job and make us look great to our property owners.

Thanks again.
