Dear Brian,

Our family is so happy with the results of our compensation from State Farm Insurance Company. It is because of your hard work and tremendous perseverance that we received full coverage. Greenspan's efficient follow through with the necessary paperwork and correspondence keeping us constantly informed, was greatly appreciated. We never felt "left in the dark".

Your professionalism as a person certainly reflects the wonderful company you represent.

Thank you again for helping us through a very tough time.

Best Regards Always,

Carolyn Bredsteen
